<ul style="list-style-type: none"> Local Transmission 	2,444
<ul style="list-style-type: none"> Imported Cases 	736
<ul style="list-style-type: none"> - Designated Quarantine Places* 	243

Notice: *Quarantine measures for travelers from abroad have been in effect since 3 April 2020

The median age of the confirmed cases is 37 years old (ranging from 1 month to 97 years old). 1,753 cases are male, and 1,427 cases are female (the ratio of male to female is 1.23:1). In terms of nationality, 2,843 cases are Thai, 326 cases are foreigners, and data is not available for the remaining 11 cases.

197 cases were reported with underlying diseases and 2,983 cases reported without any underlying disease. 40 cases were detected from the screening protocol at airports (one case was found within the group of Thai workers returning from Wuhan). 1,588 cases sought medical treatment by themselves, 1,189 cases were tracked via case investigation and defined

as “close contacts.” A total of 55 confirmed cases were found from the active case finding measures.

3. Thailand Precautions

- The Minister of Tourism and Sports signed and issued the announcement allowing 14 sports competitions to be able to organized without the audience in the stadium (e.g. Football, Volleyball, Basketball, Sepak Takraw, Golf, Tennis, motorbike , car , Badminton, snooker, Jet Ski, Bicycle, Bowling and boxing) and the effective date of this announcement is from 2 July 2020.
- Secretary-General of Office of the National Security Council as a chair of the ad hoc committee considered imposing the measures on easing the COVID- 19 restrictions and mentioned the situation assessment after the 5th phase of easing the Covid-19 lockdown was imposed on July 1, 2020. It was found various schools are well-cooperated. For entertainment venues, security agencies will inspect those places with and without informing in advance. Entrepreneurs and service users were encouraged to strictly adhere to public health measures by wearing a mask, keeping distance between others, check-in and check-out in the application. Any place that does not comply with the measures will be punished and ordered to close immediately.

4. Risk Communication to the Public

- In case of traveling to areas and across areas by public transport, the public transport operator must prepare the system and comply with the disease control measures, i.e. cleaning the vehicle, screening passengers, encouraging passengers to wear a mask, limiting bus services during certain periods, arranging distance between seats, and limiting the number of passengers. Customers must wear a mask at all times while traveling, refrain from talking and eating on public transport, and register each time they enter/leave the service area.

- For other business places/enterprises, operators are recommended to keep the areas clean, encourage people to wear a mask, limit the number of customers in accordance with the COVID-19 control measures.

- For people visiting crowded places or closed areas such as meeting rooms, department stores, and movie theatres, they are recommended to wear a mask, keep a distance of at least 1-2 meters from other people, and limit contact with other people to be only for a short period of time.

-Regularly wash hands with water and soap or use alcohol gel. Avoid touching your eyes, nose, and mouth with your hands.

-Do not use or share personal stuff with others (i.e. handkerchiefs, glasses, and towels) since pathogens causing respiratory disease can be transmitted to other people through secretions.

-Avoid eating raw food.
